- (a) assess or excavate archaeological sites;

Competence

13. (1) In determining whether an applicant for an avocational licence has met the requirement set out in clause 48 (8) (a) of the Act, the Minister shall consider all relevant factors, including the following:

(v) the new mentoring agreement requires that, at the end of the term of the renewed licence, the mentor give the minister a report containing information that the minister determines is sufficient to permit proper assessment of the licensee's knowledge of archaeological fieldwork.

(6) If the Minister decides to renew an avocational licence, the term of the renewed licence may be any term that the Minister considers appropriate.

(7) In determining, for the purposes of this section, whether a mentor has education and experience equivalent to that required for the issuance of a professional licence or an applied research licence, the Minister shall consider all relevant factors, including the factors set out in paragraphs 1, 2 and 3 of subsection 14 (3), which shall be read as if a reference to "referee" were a reference to "mentor".

8. The Regulation is amended by adding the following section:

TRANSITIONAL

27.1 (1) Sections 21 to 27, as they read on February 28, 2006, continue to apply in respect of loss of earning capacity benefits if, before March 1, 2006, an insurer has delivered a written offer with respect to the payment of weekly loss of earning capacity benefits to the insured person under subsection 21 (1), as it read on February 28, 2006, or if the insurer and the insured person have agreed in writing under section 25, as it read on February 28, 2006, that the insured person should be assessed under section 27.

(2) Despite subsection (1), if an assessment of an insured person by a designated assessment centre cannot be conducted or completed on or after March 1, 2006 because there is no designated assessment centre that satisfies the requirements of this Part, the insurer may give the insured person a notice in writing requiring the insured person to be examined under section 65 in respect of loss of earning capacity benefits, instead of being assessed by a designated assessment centre, and the provisions of this Regulation, as they read after February 28, 2006, apply in respect of loss of earning capacity benefits after the notice is given.

9. Subsections 33 (3), (4) and (5) of the Regulation are revoked and the following substituted:

(3) The insurer may, for the purposes of the review, give notice that it requires the person to be examined under section 65.

(5) If the insurer required an examination under section 65, the insurer shall give the notice of determination required under subsection (4) within 14 days after receiving the report of the examination.

(6) The notice of determination shall state,

- (a) that the insurer shall continue to pay a weekly loss of earning capacity benefit in the same amount as the person’s current benefit, if the insurer determines there has been no material change in the ability of the person to earn the amount that is being used for the purpose of determining the person’s residual earning capacity; or
- (b) that the insurer will pay the person a weekly loss of earning capacity benefit, as determined in accordance with section 28, based on the insurer’s determination of the person’s current residual earning capacity, as determined in accordance with section 30, if clause (a) does not apply.

(7) A notice of determination described in clause (6) (b) shall include,

- (a) the type of employment that the insurer has determined will best satisfy the criteria set out in subsection 30 (2);
- (b) the person’s residual earning capacity, as determined by the insurer in accordance with section 30;
- (c) the reasons for the insurer’s determinations described in clauses (a) and (b); and
- (d) the amount of weekly loss of earning capacity benefit, if any, payable to the person, as determined by the insurer in accordance with section 28.

(8) Sections 28 to 30 apply, with necessary modifications, for the purposes of adjusting the amount of the weekly loss of earning capacity benefits payable to a person.

(9) An insurer shall not reduce the amount of the weekly loss of earning capacity benefits payable to a person unless,

- (a) the insurer required the person to attend an examination under section 65 and has received the report of the examination; or
- (b) the insurer is entitled to withhold payment of the benefits under subsection 65 (5.1).

(10) Sections 21 to 27 and subsections (1) to (5), as they read on February 28, 2006, continue to apply in respect of a review by an insurer of the amount of weekly loss of earnings capacity benefits if, before March 1, 2006, the insurer made an offer under subsection (3), as it read before March 1, 2006, in respect of the amount of the benefits.

(11) Despite subsection (10), if an assessment of a person by a designated assessment centre cannot be conducted or completed on or after March 1, 2006 for the purposes of a review under this section because there is no designated assessment centre that satisfies the requirements of this Part, the insurer may give the person a notice in writing requiring the person to be examined under section 65 in respect of the review, instead of being assessed by a designated assessment centre, and the provisions of this Regulation, as they read after February 28, 2006, apply in respect of the review after the notice is given.

10. Subsection 34 (6) of the Regulation is amended by striking out “Subsections 33 (3) to (5)” at the beginning and substituting “Subsections 33 (3) to (11)”.

... subsection 39(1), of the Regulation is amended by striking out subsection (5), clause 39(11)(b) and subsection 39(12)" and substituting "subsections (5) and 39(6)".

"designated assessment centre" means an assessment centre designated before March 1, 2006 by the Superintendent under clause (1) (a), as it read before March 1, 2006.

(5) If the insurer requires the insured person to be examined under section 65, the insurer shall provide the insured person with 14 days notice of the examination and 14 days notice of the examination shall be considered to be reasonable notice of the examination for the purposes of subsection 65(2).

(6) Subject to the determination of a dispute relating to the expense in accordance with sections 279 to 283 of the Act, the insurer is not required to pay an expense if the insurer has received the report of the examination under section 65 and gives notice under subsection 39.1(6) that it refuses to pay the expense.

14. (1) Subsection 39.1 (4) of the Regulation is amended by striking out "that an assessment be conducted under section 39" in the portion before clause (a) and substituting "that an examination be conducted under section 65".

(2) Clause 39.1 (4) (b) of the Regulation is revoked and the following substituted:

(b) the insurer shall,

(i) mail or deliver the payment of the expense to the person entitled within 14 days after the insurer receives the report of the examination under section 65, or

(ii) give the person a notice in accordance with subsection (6) if the insurer refuses to pay the expense; and

(3) Subsection 39.1 (6) of the Regulation is revoked and the following substituted:

Definition

1. In this Regulation,

“Authority” means the Central Lake Ontario Conservation Authority.

Development prohibited

2. (1) Subject to section 3, no person shall undertake development, or permit another person to undertake development in or on the areas within the jurisdiction of the Authority that are,

(a) adjacent or close to the shoreline of the Great Lakes-St. Lawrence River System or to inland lakes that may be affected by flooding, erosion or dynamic beaches, including the area from the furthest offshore extent of the Authority’s boundary to the furthest landward extent of the aggregate of the following distances:

(i) the 100 Year flood level, plus the appropriate allowance for wave uprush shown in the column headed “100 Year Flood Limit” found in Table 7.1 of the document entitled “Lake Ontario Shoreline Management Plan”, December 1990, which is available at or through the Authority at its head office located at 100 Whiting Avenue, Oshawa, Ontario, L1H 3T3;

(ii) the predicted long term stable slope projected from the existing stable toe of the slope or from the predicted location of the toe of the slope as that location may have shifted as a result of shoreline erosion over a 100-year period;

(iii) where a dynamic beach is associated with the waterfront lands, the appropriate allowance inland to accommodate dynamic beach movement shown in the right-hand column of Table 7.1 of the document entitled “Lake Ontario Shoreline Management Plan”, December 1990, which is available at or through the Authority at the address given in subclause (i), and

(iv) 15 metres inland;

(b) river or stream valleys that have depressional features associated with a river or stream, whether or not they contain a watercourse, the limits of which are determined in accordance with the following rules:

(i) where the river or stream valley is apparent and has stable slopes, the valley extends from the stable top of bank, plus 15 metres, to a similar point on the opposite side,

(ii) where the river or stream valley is apparent and has unstable slopes, the valley extends from the predicted long term stable slope projected from the existing stable slope or, if the toe of the slope is unstable, from the predicted location of the toe of the slope as a result of stream erosion over a projected 100-year period, plus 15 metres, to a similar point on the opposite side,

(iii) where the river or stream valley is not apparent, the valley extends the greater of,

(A) the distance from a point outside the edge of the maximum extent of the flood plain under the applicable flood event standard, plus 15 metres, to a similar point on the opposite side, and

(B) the distance from the predicted meander belt of a watercourse, expanded as required to convey the flood flows under the applicable flood event standard, plus 15 metres, to a similar point on the opposite side;

(c) hazardous lands;

(d) wetlands; or

(e) other areas where development could interfere with the hydrologic function of a wetland, including areas within 120 metres of all provincially significant wetlands and wetlands greater than 2 hectares in size, and areas within 30 metres of wetlands less than 2 hectares in size, but not including those where development has been approved pursuant to an application made under the *Planning Act* or other public planning or regulatory process.

(2) The areas described in subsection (1) are the areas referred to in section 12 except that, in case of a conflict, the description of the areas provided in subsection (1) prevails over the descriptions referred to in that section.

Permission to develop

3. (1) The Authority may grant permission for development in or on the areas described in subsection 2 (1) if, in its opinion, the control of flooding, erosion, dynamic beaches, pollution or the conservation of land will not be affected by the development.

(2) The permission of the Authority shall be given in writing, with or without conditions.

Application for permission

4. A signed application for permission to undertake development shall be filed with the Authority and shall contain the following information:

1. Four copies of a plan of the area showing the type and location of the development.

2. (1) The alternative requirements that must be satisfied in order for a person to be eligible for funding under clause 85.7 (4) (b) of the Health Professions Procedural Code are prescribed in this section.

(2) A person is eligible for funding for therapy or counselling if,

- (a) there is an admission made by a member in a statement to the College or in an agreement with the College that he or she sexually abused the person while the person was a patient of the member;
- (b) a member has been convicted under the *Criminal Code* (Canada) of sexually assaulting the person while the person was a patient of the member and the facts supporting the sexual assault constitute sexual abuse within the meaning of the Health Professions Procedural Code;
- (c) there is a statement, contained in the written reasons of a committee of the College given after a hearing, that the person, while a patient, was sexually abused by a member; or
- (d) there is sufficient evidence presented to the Patient Relations Committee to support a reasonable belief that the person, while a patient, was sexually abused by a member.

(3) Without limiting the generality of clause (2) (d), the following are examples of the kinds of evidence that may support a reasonable belief that a person, while a patient, was sexually abused by a member:

1. Evidence that a notice of hearing was issued by the College containing allegations that the person, while a patient, was sexually abused by a member who died before a hearing was held.
 2. Evidence of reports made with respect to the member under subsection 85.1 (1) or 85.2 (1) of the Health Professions Procedural Code.

- (a) the person submits an application for funding to the Patient Relations Committee in the form provided by the College and, in the application, the person names the member who is alleged to have sexually abused the patient, provides the location where it is alleged that the sexual abuse took place and the date on which it is alleged the sexual abuse took place;
 - (b) the person submits to the Patient Relations Committee along with the application,
 - (i) a written undertaking signed by the person to keep confidential all information obtained through the application for funding process, including the fact that funding has been granted and the reasons given by the Committee for granting the funding, and

 - (c) the person provides any other information as required by the Patient Relations Committee.

Pre Regulated Health Professions Act, 1991 abuse

3. A person who is otherwise eligible for funding for therapy or counselling under section 2 is not eligible for funding if the therapy or counselling for which funding is requested relates to sexual abuse by a member that occurred before December 31, 1993 and if, in the opinion of the Patient Relations Committee, the granting of funding would not be just and equitable having regard to the following:

1. Whether the need for therapy or counselling results directly or indirectly from the alleged sexual abuse.

PARTICIPATING PENSION PLANS

Status as participating pension plan

2. (1) The Hamilton Hourly Plan, the Hamilton Salaried Plan, the Lake Erie Hourly Plan and the Lake Erie Salaried Plan, respectively, are each a participating pension plan until the earlier of,
- (a) December 31, 2015; and
 - (b) the day that is 90 days after the day on which the administrator submits a report in respect of the plan to the Superintendent under section 12 indicating,
 - (i) that the plan does not have any adjusted solvency deficiency, and
 - (ii) that reports submitted under section 12 in respect of all the other participating pension plans also indicate that none of those plans has any adjusted solvency deficiency.
- (2) Despite subsection (1), if the administrator submits a report described in clause (1) (b) and if, within the 90-day period described in that clause, the Superintendent issues a notice of proposal to make an order under subsection 88 (2) of the Act with respect to any of the reports referred to in clause (1) (b), the pension plan continues to be a participating pension plan until the earlier of,
- (a) December 31, 2015; and
 - (b) 60 days after the earliest of,
 - (i) the date on which the proposal is finally determined and is not subject to any further appeal to or review by a tribunal or court, but only if, as a result of the final determination of the proposal, it is concluded that the plan has no adjusted solvency deficiency in relation to the original benefits,
 - (ii) the date on which a settlement is reached in respect of the proposal and, as a result of the settlement, it is concluded that the plan has no adjusted solvency deficiency in relation to the original benefits, or
 - (iii) the date on which the notice of proposal is withdrawn.
- (3) Despite subsection (1), if the employer gives a written notice to the Superintendent stating that a participating pension plan ceases to be a participating pension plan, and if the employer is otherwise authorized by an agreement to give such a notice to the Superintendent, the plan ceases to be a participating pension plan on the later of,
- (a) the date on which the Superintendent receives the notice; and
 - (b) the date specified in the notice as the date on which the plan ceases to be a participating pension plan.

CONTRIBUTIONS AND OTHER PAYMENTS

Initial contribution in 2006

3. (1) An aggregate initial contribution of \$400 million is to be made to all of the participating pension plans for the original benefits, and the \$400 million shall be allocated among the plans in accordance with this section.

(2) On or before March 31, 2006, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan the amount calculated using the formula,

$$(A \times B/C) - D$$

in which,

“A” is \$400 million,

“B” is the amount of the initial solvency deficiency of the plan,

“C” is the aggregate amount of the initial solvency deficiency of each of the participating pension plans, and

“D” is the aggregate amount of all contributions, if any, paid into the pension fund of the plan on or after January 1, 2006 and before April 1, 2006 excluding amounts paid in respect of a prior year of the plan and excluding amounts paid under this section.

(3) In the formula set out in subsection (2), the amount represented by the expression “B/C” is to be calculated to four decimal places.

Monthly payments in 2006

4. (1) An aggregate contribution of \$32.5 million is to be made to all of the participating pension plans for the original benefits for the period beginning on July 1, 2006 and ending on December 31, 2006, and the \$32.5 million shall be allocated among the plans in accordance with this section.

(2) The employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for the period from July 1 to December 31, 2006 the amount calculated using the formula,

$$E \times F/G$$

in which,

“E” is \$32.5 million,

“F” is the amount of the adjusted solvency deficiency of the plan, and

“G” is the aggregate amount of the adjusted solvency deficiency of each of the participating pension plans.

(3) Despite subsection (2), if the aggregate amount of the normal cost of each of the plans for the original benefits for the period from July 1 to December 31, 2006 is greater than or equal to \$32.5 million, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for the period from July 1 to December 31, 2006 the amount calculated using the formula,

$$E \times H/I$$

in which,

“E” is \$32.5 million,

“H” is the amount of the normal cost of the plan for the original benefits for the period, and

“I” is the aggregate amount of the normal cost of each of the participating pension plans for the original benefits for the period.

(4) Despite subsection (2), if the aggregate amount of the normal cost of each of the plans for the original benefits for the period from July 1 to December 31, 2006 is less than \$32.5 million, and if the normal cost of one or more of the plans (an “affected plan”) for the original benefits for the period is greater than the amount that would be payable under subsection (2) into the pension fund of the affected plan, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan the amount determined in accordance with the following rules:

1. The amount payable into the pension fund of each affected plan is the amount of the normal cost of the plan for the original benefits for the period.
2. The total amount available to be allocated to the plans which are not affected plans is calculated by subtracting from \$32.5 million the total amount payable under paragraph 1 to the affected plans.
3. The amount payable into the pension fund of each of the plans which are not affected plans is calculated using the formula,

$$J \times F/K$$

in which,

“J” is the total amount available to be allocated to the plans which are not affected plans as calculated under paragraph 2,

“F” is the amount of the adjusted solvency deficiency of the plan, and

“K” is the aggregate amount of the adjusted solvency deficiency of each of the plans which are not affected plans.

(5) In the formulas set out in subsections (2), (3) and (4), the amounts represented by the expressions “F/G”, “H/I” and “F/K” are to be calculated to four decimal places.

(6) The amount payable into a pension fund under subsection (2), (3) or (4) is payable in six equal instalments and payment is due on the last day of each month beginning with July 2006 and ending with December 2006.

Monthly payments, 2007 to 2010

5. (1) An annual aggregate contribution of \$65 million is to be made to all of the participating pension plans for the original benefits for each year beginning with 2007 and ending with 2010, and the \$65 million shall be allocated among the plans in accordance with this section.

(2) If the aggregate amount of the year’s adjusted normal cost of each of the plans is equal to or greater than \$65 million, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for a year the amount calculated using the formula,

$$L \times M/N$$

in which,

“L” is \$65 million,

“M” is the amount of the year’s adjusted normal cost of the plan, and

“N” is the aggregate amount of the year’s adjusted normal cost of each of the participating pension plans.

(3) If the aggregate amount of the year’s adjusted normal cost of each of the plans is less than \$65 million, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for a year the amount calculated using the formula,

$$L \times P/Q$$

in which,

“L” is \$65 million,

“P” is the amount of the preceding year’s adjusted solvency deficiency of the plan, and

“Q” is the aggregate amount of the preceding year’s adjusted solvency deficiency of each of the participating pension plans.

(4) Despite subsection (3), if the aggregate amount of the year’s adjusted normal cost of each of the plans is less than \$65 million and if the year’s adjusted normal cost of one or more of the plans (an “affected plan”) is greater than the amount that would be payable under subsection (3) into the pension fund of the affected plan, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan the amount determined in accordance with the following rules:

1. The amount payable into the pension fund of each affected plan is the amount of the year’s adjusted normal cost of the plan.
2. The total amount available to be allocated to the plans which are not affected plans is calculated by subtracting from \$65 million the total amount payable under paragraph 1 to the affected plans.
3. The amount payable into the pension fund of each of the plans which are not affected plans is calculated using the formula,

$$R \times P/S$$

in which,

“R” is the total amount available to be allocated to the plans which are not affected plans as calculated under paragraph 2,

“P” is the amount of the preceding year’s adjusted solvency deficiency of the plan, and

“S” is the aggregate amount of the preceding year’s adjusted solvency deficiency of each of the plans which are not affected plans.

(5) In the formulas set out in subsections (2), (3) and (4), the amounts represented by the expressions “M/N”, “P/Q” and “P/S” are to be calculated to four decimal places.

(6) The amount payable into a pension fund under subsection (2), (3) or (4) for a year is payable in 12 equal instalments, and payment is due on the last day of each month of the year.

(7) In this section,

“preceding year’s adjusted solvency deficiency” means, with respect to a participating pension plan, the adjusted solvency deficiency as set out in the report with a valuation date of December 31 of the preceding year that is submitted for the plan to the Superintendent under section 11;

“year’s adjusted normal cost” means, with respect to a participating pension plan, the amount by which “T” exceeds “U”, where,

“T” is the normal cost for the year for the original benefits as set out in the report with a valuation date of December 31 of the preceding year that is submitted for the plan to the Superintendent under section 11, and

“U” is the amount that is the lesser of,

- (a) the amount by which the market value of the assets exceeds the going concern liabilities with respect to the original benefits, as set out in the same report, and
- (b) the amount by which the solvency assets exceed the solvency liabilities with respect to the original benefits, as set out in the same report.

Monthly payments, 2011 to 2015

6. (1) An aggregate annual contribution of \$70 million is to be made to all of the participating pension plans for the original benefits for each year beginning with 2011 and ending with 2015, and the \$70 million shall be allocated among the plans in accordance with this section.

(2) The employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for a year the amount calculated in accordance with subsections 5 (2) to (7), read as if every reference to \$65 million in those subsections were a reference to \$70 million.

Contributions, etc., for benefit improvements

7. (1) This section applies if a participating pension plan is amended to provide benefit improvements.

(2) The employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of the plan the contributions and other payments that the employer would be required to make under the General Regulation, determined as if the benefit improvements alone were being provided by the pension plan.

(3) The amount of the contributions and other payments required by subsection (2) is the amount set out in the schedule respecting the benefit improvements that is set out in the applicable report to the Superintendent submitted under this Regulation.

Contributions, etc., for wind up benefits

8. (1) This section applies if a participating pension plan is being wound up in whole or in part.

(2) For the purposes of subsection 75 (2) of the Act, the following rules prescribe the manner in which and the times when the employer is required to pay the money due under subsection 75 (1) of the Act:

1. The liability for the original benefits payable to members or former members who are affected by the wind up is to be funded in the same manner as the liability for the original benefits in respect of members and former members who are not affected by the wind up.
2. The liability for the benefit improvements, if any, payable to members or former members who are affected by the wind up is to be funded in the same manner as the liability for the benefit improvements for members and former members who are not affected by the wind up.
3. The wind up benefits, if any, payable to members or former members who are affected by the wind up are to be treated as if they were benefit improvements, and the liability for these wind up benefits is to be funded in the same manner as the liability for the benefit improvements for members and former members who are not affected by the wind up.
4. The employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of the plan the payments that the employer would be required to make under section 7, determined as if the benefit improvements and the wind up benefits payable to members or former members who are affected by the wind up were benefit improvements for the members and former members who are not affected by the wind up.

(3) Section 31 of the General Regulation does not apply with respect to the funding of the liabilities described in subsection (2).

Funding following the final report

9. (1) This section applies with respect to a pension plan on and after the valuation date of the final report for the plan under section 12.

(2) The requirements of the General Regulation governing the funding of the pension plan apply on and after the valuation date of the final report, except as otherwise provided in this section, and the plan must be funded in accordance with the information in the appendix to the report.

(3) The following rules apply with respect to the funding requirements:

1. For the purposes of the special payments referred to in clauses 5 (1) (b) and (e) of the General Regulation, the applicable period begins on the valuation date of the final report.
2. The liability for benefits described in section 20 that remains to be funded under section 75 of the Act as of the valuation date must be funded in accordance with section 31 of the General Regulation, with the payments commencing on the valuation date rather than the date of wind up.

(4) If the final report is submitted under subsection 12 (2), the employer or a person required to make contributions on behalf of the employer shall continue to make contributions and payments as required by sections 4 to 8, as applicable, and not in accordance with the General Regulation until the plan ceases to be a participating pension plan.

(5) If the plan ceases to be a participating pension plan before January 1, 2016, any contributions and payments described in subsection (4) that are made after the valuation date of the final report are deemed, for the purposes of section 19, to be contributions and payments that are based on estimates and they are deemed to be contributions and payments made for the purposes of complying with the General Regulation.

REPORTS TO THE SUPERINTENDENT

Initial report

- 10.** (1) The administrator of a participating pension plan shall cause the plan to be reviewed and shall submit to the Superintendent on or before May 1, 2006 an initial report with a valuation date of December 31, 2005.
- (2) The initial report must set out the information that is required under subsections 13 (1) and (1.1) of the General Regulation, determined as if the pension plan were newly registered on December 31, 2005.
- (3) The initial report must also set out the following information on the basis of a solvency valuation:
1. The amount of the initial solvency deficiency for the plan and for each of the other participating pension plans.
 2. The amount of the adjusted solvency deficiency for the plan and for each of the other participating pension plans after taking into account any contribution made under section 3 to each of the plans.

- (4) The initial report must also set out the following information separately for the plan and for each of the other participating pension plans:
1. The information that would be required in a report filed under subsections 13 (1) and (1.1) of the General Regulation, prepared on the basis,
 - i. that section 5.1 of the General Regulation does not apply to the participating plans, and
 - ii. that the initial contribution required under section 3 of this Regulation is not made.
 2. The information that would be required in a report filed under subsections 13 (1) and (1.1) of the General Regulation, prepared on the basis,
 - i. that section 5.1 of the General Regulation does not apply to the participating plans, and
 - ii. that the initial contribution required under section 3 of this Regulation is made.
 3. The information that would be required in a report filed under subsections 13 (1) and (1.1) of the General Regulation on the basis,
 - i. that section 5.1 of the General Regulation applies to the participating plans, and
 - ii. that the initial contribution required under section 3 of this Regulation is not made.

(5) For the purposes of determining the information required by paragraphs 1 to 3 of subsection (4), the solvency deficiency of the plan is the amount by which the solvency liabilities exceed the solvency assets of the plan on the valuation date.

Annual reports

- 11.** (1) The administrator of a participating pension plan shall cause the plan to be reviewed and shall submit to the Superintendent on or before September 30 in each year, beginning in 2007 and ending in 2015, an annual report with a valuation date of December 31 of the preceding year.
- (2) If the plan has not been amended before the valuation date to provide benefit improvements and if it has not been wound up in whole or in part on or before the valuation date, the annual report must set out,
- (a) the information described in subsections 14 (7) and (8) of the General Regulation, determined using actuarial methods that are consistent with those used in the initial report for the plan;
 - (b) the adjusted solvency deficiency and the aggregate amount of the adjusted solvency deficiency for each of the participating pension plans; and
 - (c) the amount of the payment to the plan required by section 5 or 6, as the case may be, and to each of the other participating pension plans for the year.
- (3) The annual report must set out the following information:
1. All gains and losses to the pension plan during the period since the valuation date of the preceding report that result from the difference between the actual experience and the experience expected by the actuarial assumptions on which the preceding report was based.
 2. All gains and losses to the pension plan during the period since the valuation date of the preceding report that result from changes in actuarial assumptions since the preceding report.
- (4) If the plan has been amended before the valuation date to provide benefit improvements, the annual report must set out the information described in subsection (2) and it must also include a separate schedule setting out all of the information that is described in subsections 14 (7) and (8) of the General Regulation and that has been set out in an earlier report submitted under this section or section 14 of this Regulation with respect to the benefit improvements, but updated to the current valuation date.

(5) If the plan has been wound up in whole or in part before the valuation date, the annual report must set out the information described in subsection (2), and it must also include a separate schedule setting out all of the information that is described in subsections 14 (7) and (8) of the General Regulation with respect to wind up benefits that have been set out in an earlier report submitted under section 70 of the Act, but updated to the current valuation date.

(6) If the annual report includes a schedule respecting benefit improvements or respecting wind up benefits, the following rules apply:

1. The assets and liabilities of the plan in respect of any benefit improvements and wind up benefits must be determined and disclosed separately from the assets and liabilities of the plan that are in respect of the original benefits.
2. The normal cost in respect of the benefit improvements must be disclosed separately from the normal cost of the plan that is not in respect of the benefit improvements; and the normal cost must be determined in a manner that is consistent with the determination made in the interim report filed with respect to the benefit improvements.
3. The going concern unfunded liabilities and solvency deficiencies, if any, in respect of the benefit improvements and wind up benefits at the valuation date must be determined in accordance with the General Regulation with reference to,
 - i. the assets and liabilities determined under paragraph 1, and
 - ii. each of the schedules about benefit improvements or wind up benefits, as the case may be, that was included in the most recent report submitted under this Regulation.
4. The going concern unfunded liabilities or solvency deficiencies, if any, determined under paragraph 3 must be liquidated in accordance with the General Regulation.

Final report

12. (1) The administrator of a participating pension plan shall submit to the Superintendent on or before April 30, 2016 a final report with a valuation date of December 31, 2015 for the purpose of determining whether or not the plan has an adjusted solvency deficiency as of that valuation date.

(2) Despite subsection (1), the administrator of a participating pension plan may, at any time before December 31, 2015, submit to the Superintendent a final report with a valuation date not earlier than 120 days before the date on which the report is submitted that indicates that the plan does not have an adjusted solvency deficiency and that none of the other participating plans has an adjusted solvency deficiency.

(3) Despite subsection (1), the administrator of a pension plan that ceases to be a participating pension plan as a result of a notice given under subsection 2 (3) shall submit to the Superintendent a final report with a valuation date that is the day on which the plan ceases to be a participating pension plan, and shall do so within 120 days after the valuation date.

(4) The final report must include the appendix described in section 13.

(5) The final report must set out the following information:

1. All gains and losses to the pension plan during the period since the valuation date of the preceding report that result from the difference between the actual experience and the experience expected by the actuarial assumptions on which the preceding report was based.
2. All gains and losses to the pension plan during the period since the valuation date of the preceding report that result from changes in actuarial assumptions since the preceding report.

(6) In calculating the amount of the adjusted solvency deficiency, for the purposes of the final report, the following amounts may be included in the solvency assets in respect of the original benefits:

1. Any excess of solvency assets over solvency liabilities in respect of benefit improvements and wind up benefits.
2. Any additional contributions to the plan made by the employer or a person required to make contributions on behalf of the employer.

Appendix to the final report

13. (1) The appendix to a final report for a participating pension plan must satisfy the requirements set out in this section.

(5) Subsection 1 (2) of the Regulation is amended by adding the following definition:

(6) The definition of “permanent layoff benefit” in subsection 1 (2) of the Regulation is revoked and the following substituted:

(7) The definition of “solvency asset adjustment” in subsection 1 (2) of the Regulation is revoked.

(8) Clause (b) of the definition of “transfer ratio” in subsection 1 (2) of the Regulation is revoked and the following substituted:

(b) the sum of the solvency liabilities and the liabilities for benefits that were excluded in calculating the solvency liabilities;

2. The Regulation is amended by adding the following section:

1.2 (1) For the purposes of this Part, the solvency asset adjustment in relation to a report in respect of a pension plan for which a benefit allocation method is used to set contribution rates is the sum of,

(a) the amount, which may be positive or negative, by which the value of the solvency assets are adjusted as a result of applying an averaging method that stabilizes short-term fluctuations in the market value of the plan assets, calculated over a period of not more than five years;

(b) the present value of any special payments referred to in clause 5 (1) (a);

(c) the present value of any special payments required to liquidate any past service unfunded liability; and

(d) the present value of all special payments referred to in clause 5 (1) (b), (c), (d) or (e), other than special payments required to liquidate any past service unfunded liability or any solvency deficiency determined in the report, that are scheduled for payment within,

(i) the period of five years that begins on the valuation date of the report, in the case of a pension plan other than a jointly sponsored pension plan, or

(ii) a period that begins on the valuation date of the report and continues until the end of a five-year period that begins on a date not later than 12 months after the valuation date, in the case of a jointly sponsored pension plan.

(2) Despite subsection (1), the solvency asset adjustment in relation to a report in respect of a pension plan that provides defined benefits and for which a benefit allocation method is not used to set contribution rates is the sum of “A” and “B” where,

“A” is the amount, which may be positive or negative, by which the value of the solvency assets are adjusted as a result of applying an averaging method that stabilizes short-term fluctuations in the market value of the plan assets, calculated over a period of not more than five years, and

“B” is the greater of zero and the amount calculated using the formula,

$$C + D - E$$

in which,

“C” is the present value of the required contributions, which are determined using the actuarial cost method adopted by the plan, for the five-year period that begins on the valuation date of the report, or in the case of a jointly sponsored pension plan, for a period that begins on the valuation date of the report and continues until the end of a five-year period that begins on a date not later than 12 months after the valuation date,

“D” is the present value of any special payments referred to in clause 5 (1) (e) that are scheduled for payment within the applicable period described in the definition of “C”, other than any special payments required to liquidate any solvency deficiency determined in the report, and

“E” is the present value of the normal cost, which is determined using a benefit allocation method, for the applicable period described in the definition of “C”.

(3) For the purposes of subsections (1) and (2), the present value of special payments, required contributions and the normal cost must be calculated as of the valuation date of the report and must be calculated using,

(a) the interest rates used in the report to calculate the solvency liabilities, if the solvency liability adjustment is zero; or

(b) the average interest rates used in the report to calculate the solvency liability adjustment, if the solvency liability adjustment is not zero.

(4) In the case of a jointly sponsored pension plan, the present values determined for the purposes of the definitions of “C”, “D” and “E” in subsection (2) shall be calculated based on the sum of the projected pensionable earnings for the applicable period described in the definition of “C” in subsection (2).

3. The Regulation is amended by adding the following sections immediately before the heading “Funding of Pension Plans”:

JOINTLY SPONSORED PENSION PLANS

3.1 (1) For the purposes of paragraph 4 of subsection 1 (2) of the Act, a pension plan must, by virtue of the documents that create and support the plan, satisfy the following additional criteria in order to be a jointly sponsored pension plan:

1. The total amount of contributions payable by members of the pension plan in respect of a year, excluding any additional voluntary contributions and voluntary contributions for past service as described in subsection 39 (5) of the Act, cannot exceed the total amount of contributions payable to the pension plan in respect of the year by the employer or by the person or entity required to make contributions on behalf of the employer, as the case may be.
2. The pension plan does not permit a reduction in the amount of or the commuted value of a pension benefit, a pension, a deferred pension or an ancillary benefit in the circumstances described in subsection 14 (2) or (3) of the Act, except in the circumstances of a wind up.
3. The employers or any persons or entities who make contributions on behalf of the employers or represent the employers and the members of the pension plan or any representatives of the members are jointly responsible for making all decisions about the terms and conditions of the pension plan and any amendments to the pension plan.
4. The employers or any persons or entities who make contributions on behalf of the employers or represent the employers and the members of the pension plan or any representatives of the members are jointly responsible for making all decisions regarding,
 - i. the appointment of the administrator of the plan, or
 - ii. the appointment or selection of persons as members of any body or entity referred to in clause 8 (1) (b), (c), (e), (f) or (h) of the Act that is the administrator of the plan.
5. The level of a member's pension benefits, other than ancillary benefits, and the amount of a member's contributions are directly related to the member's pensionable earnings.

(2) The documents that create and support a jointly sponsored pension plan must set out the methods by which the decisions referred to in paragraphs 3 and 4 of subsection (1) are to be made.

3.2 The Ontario Municipal Employees Retirement System is prescribed as a jointly sponsored pension plan for the purposes of the Act.

4. (1) Subsection 4 (1) of the Regulation is revoked and the following substituted:

(1) Every pension plan shall set out the obligation of the employer or any person or entity required to make contributions on behalf of the employer and, in the case of a jointly sponsored pension plan, the obligation of the members of the pension plan, if applicable, to contribute both in respect of the normal cost and any going concern unfunded liability and solvency deficiency under the plan.

(2) Subsection 4 (2) of the Regulation is amended by striking out the portion before clause (a) and substituting the following:

(2) Subject to subsection (2.1), an employer who is required to make contributions under a pension plan or, if a person or entity is required to make contributions under the pension plan on behalf of the employer, that person or entity and, if applicable, the members of the pension plan or their representative shall make payments to the pension fund or to an insurance company, as applicable, that are not less than the sum of,

(3) Clause 4 (2) (a) of the Regulation is revoked and the following substituted:

(a) all contributions, including contributions in respect of any going concern unfunded liability and solvency deficiency and money withheld by payroll deduction or otherwise from an employee, that are received from employees as the employees' contributions to the pension plan;

(4) Clause 4 (2) (d) of the Regulation is revoked and the following substituted:

(d) all special payments determined in accordance with sections 31, 32 and 35 and all payments determined in accordance with section 31.1.

(5) Section 4 of the Regulation is amended by adding the following subsections:

(2.2) Despite subsections (1) and (2), the amount of contributions required to be made to a pension plan that provides defined benefits may be determined by using an actuarial cost method other than a benefit allocation method if,

- (a) the actuarial cost method that is used is consistent with accepted actuarial practice; and
- (b) the rules set out in subsection (2.3) are satisfied.

(2.3) For the purposes of clause (2.2) (b), the rules are as follows:

1. If there would be no going concern unfunded liability if a benefit allocation method were used, the present value of the required contributions for the three years after the valuation date, which are determined under the actuarial cost method used by the plan, must not be less than the present value of the contributions that would be made in respect of the normal cost for the plan if the benefit allocation method were used, after the application of any actuarial gains to reduce the normal cost in accordance with subsection 7 (3).
 2. If there would be a going concern unfunded liability if a benefit allocation method were used, the present value of the required contributions, which are determined under the actuarial cost method used by the plan, must not be less than the sum of the present value of the normal cost and the present value of the special payments determined in accordance with section 5 that would be required to liquidate any going concern unfunded liability.
 3. The rate or rates of interest to be used in calculating present values referred to in paragraphs 1 and 2 shall be the rate or rates used in the report for the going concern valuation.
 4. The present values referred to in paragraph 2 shall be calculated using whichever of the following periods is longer:
 - i. the period that begins on the valuation date and continues until the end of the remaining amortization period of the going concern unfunded liability that has the longest remaining amortization period, or
 - ii. the period of three years that begins on the valuation date.
 5. In the case of a jointly sponsored pension plan,
 - i. the present values referred to in paragraph 1 shall be calculated based on the sum of the projected pensionable earnings for each year in the three-year period beginning on the valuation date,
 - ii. the present values referred to in paragraph 2 shall be calculated based on the period used for the purposes of paragraph 4 and the sum of the projected pensionable earnings for each year in that period, and
 - iii. the actuarial assumptions used to determine the sums referred to in subparagraphs i and ii of the projected pensionable earnings shall be the same as those used in the report for the going concern valuation.
 6. Subject to paragraph 7, the required contribution rate for a jointly sponsored pension plan shall be determined as a level percentage of pensionable earnings for each class of members, subject to any variation that is necessary in order to take into account integration with the *Canada Pension Plan*.
 7. où :

- «C» représente la valeur actuelle des cotisations obligatoires, déterminées selon la méthode d'évaluation actuarielle utilisée par le régime, qui doivent être versées pour la période de cinq ans qui commence à la date d'évaluation du rapport ou, dans le cas d'un régime de retraite conjoint, qui court entre cette date et la fin de la période de cinq ans qui commence dans les 12 mois qui la suivent,

5. Dans le cas d'un régime de retraite conjoint :
 - i. les valeurs actuelles visées à la disposition 1 sont calculées en fonction du total des gains ouvrant droit à pension prévus pour chaque année de la période de trois ans qui commence à la date d'évaluation,
 - ii. les valeurs actuelles visées à la disposition 2 sont calculées en fonction de la période utilisée pour l'application de la disposition 4 et du total des gains ouvrant droit à pension prévus pour chaque année de cette période,
 - iii. les hypothèses actuarielles utilisées pour déterminer les taux, visés aux sous-dispositions i et ii, des droits ouvrant droit à pension prévus sont les mêmes que celles utilisées dans le rapport à l'égard de l'évaluation à long terme.
6. Sous réserve de la disposition 7, le taux de cotisation obligatoire d'un régime de retraite conjoint est déterminé comme un pourcentage constant des gains ouvrant droit à pension pour chaque catégorie de participants, sous réserve de toute modification requise aux fins de la coordination avec le *Régime de pensions du Canada*.
7. Si le taux de cotisation obligatoire fixé dans un rapport portant sur un régime de retraite conjoint est supérieur à celui déterminé dans le dernier rapport déposé et que le rapport révèle l'existence d'un passif à long terme non capitalisé, le taux de cotisation obligatoire peut, chaque année pendant un maximum de trois ans, à compter d'au plus tard 12 mois après la date d'évaluation, être augmenté d'au moins du tiers de la différence entre les deux taux de cotisation, mais seulement si les conditions suivantes sont réunies :

- i. le taux de cotisation d'après cette période correspond à un pourcentage constant des gains ouvrant droit à pension, sous réserve de toute modification requise aux fins de la coordination avec le *Régime de pensions du Canada*,
- ii. la valeur actuelle des cotisations obligatoires selon les taux majorés n'est pas inférieure à la valeur actuelle minimale déterminée conformément aux dispositions 2, 3 et 4.

(2.4) Si, conformément au paragraphe (2.2), le montant des cotisations qui doivent être versées à un régime qui offre des prestations déterminées est déterminé selon une méthode d'évaluation actuarielle autre qu'une méthode de répartition des prestations, les paiements faits à la caisse de retraite ou à la compagnie d'assurance, selon le cas, ne doivent pas être inférieurs à la somme des éléments suivants :

- a) les cotisations obligatoires déterminées selon la méthode d'évaluation actuarielle;
- b) les paiements spéciaux déterminés conformément à l'article 5 relativement à tout déficit de solvabilité.

(2.5) Si le montant des cotisations qui doivent être versées à un régime qui offre des prestations déterminées est déterminé conformément au paragraphe (2.2) selon une méthode d'évaluation actuarielle autre qu'une méthode de répartition des prestations, ces cotisations sont réputées celles qui doivent être versées aux termes du présent règlement et les définitions à l'article 1 s'appliquent avec les adaptations nécessaires.

(2.6) Si un rapport révèle qu'une augmentation du coût normal est nécessaire à l'égard d'un régime de retraite conjoint dont les taux de cotisation sont fixés au moyen d'une méthode de répartition des prestations, le versement de cette augmentation commence dans les 12 mois qui suivent la date d'évaluation.

(2.7) Si un rapport révèle un passif à long terme non capitalisé qui doit être acquitté à l'égard d'un régime de retraite conjoint dont les taux de cotisation sont fixés au moyen d'une méthode de répartition des prestations, les paiements spéciaux rattachés à ce passif, déterminés conformément au paragraphe 5 (1.2), peuvent être augmentés d'au moins du tiers, chaque année pendant un maximum de trois ans, à compter d'au plus tard 12 mois après la date d'évaluation, mais seulement si les conditions suivantes sont réunies :

- a) les paiements spéciaux d'après cette période correspondent à un pourcentage constant des gains ouvrant droit à pension;
- b) la valeur actuelle des paiements spéciaux, y compris les paiements spéciaux majorés, n'est pas inférieure au passif à long terme non capitalisé.

(2.8) Dans le cas d'un régime de retraite conjoint, les cotisations visées au paragraphe 39 (3) de la Loi comprennent les cotisations versées par un ancien participant à l'égard de tout passif à long terme non capitalisé ou de tout déficit de solvabilité.

(6) L'article 4 du Règlement est modifié par adjonction du paragraphe suivant :

(3.1) Le paragraphe (3) ne s'applique pas si le régime offre des prestations déterminées et ne se sert pas d'une méthode de répartition des prestations pour fixer les taux de cotisation.

(7) Le paragraphe 4 (4) du Règlement est modifié par substitution de ce qui suit au passage qui précède la disposition 1 :

(4) Les paiements visés aux paragraphes (2) et (2.4) sont faits par l'employeur ou par la personne ou l'entité qui est tenue de cotiser pour son compte, le cas échéant, et, s'il y a lieu, par les participants au régime dans les délais suivants :

• • •

(8) Les dispositions 2 et 4 du paragraphe 4 (4) du Règlement sont abrogées.

(9) Le paragraphe 4 (5) du Règlement est abrogé et remplacé par ce qui suit :

(5) Sous réserve des paragraphes (10) et (11), si la période visée par un rapport déposé aux termes de l'article 3, 5.3, 13 ou 14 ou présenté aux termes du présent article est terminée et qu'aucun rapport visant une période subséquente n'est déposé aux termes de l'article 14 ni présenté aux termes du présent article, l'employeur ou la personne ou l'entité qui est tenue de cotiser pour son compte, le cas échéant, et, s'il y a lieu, les participants au régime continuent de faire les paiements conformément au rapport déposé ou présenté le plus récemment aux termes de l'article 3, 5.3, 13 ou 14 ou du présent article.

(10) Les paragraphes 4 (9), (10) et (11) du Règlement sont abrogés et remplacés par ce qui suit :

(9) Si un rapport est présenté au surintendant aux termes du paragraphe (7.1), l'employeur ou la personne ou l'entité qui est tenue de cotiser pour son compte, le cas échéant, et, s'il y a lieu, les participants au régime font les paiements conformément au rapport.

(10) Sous réserve du paragraphe (11), si le montant d'un paiement exigé dans un rapport présenté aux termes du paragraphe (7.1) en ce qui concerne un régime est différent de celui exigé dans un rapport déposé par l'administrateur, l'employeur ou la personne ou l'entité qui est tenue de cotiser pour son compte, le cas échéant, et, s'il y a lieu, les participants au régime font le paiement exigé le plus élevé.

(11) Si, de l'avis du surintendant, le paiement exigé le plus élevé visé au paragraphe (10) n'est pas nécessaire pour faire en sorte que le régime ait un financement suffisant pour fournir les prestations qu'il prévoit, c'est le paiement exigé le moins élevé qui est fait.

(11) Le paragraphe 4 (13) du Règlement est abrogé et remplacé par ce qui suit :

(13) Le présent article ne s'applique pas aux régimes visés au paragraphe 6 (1), à moins qu'ils ne soient des régimes de retraite conjoints.

5. (1) L'article 5 du Règlement est modifié par adjonction des paragraphes suivants :

(1.1) Malgré les alinéas (1) b) et e), dans le cas d'un régime de retraite conjoint, les paiements spéciaux peuvent être déterminés conformément au paragraphe (1.2) à l'une ou l'autre des dates suivantes :

- b) la date à laquelle est né le déficit de solvabilité, dans le cas des paiements spéciaux visés à l'alinéa (1) e).

(1.2) Les paiements spéciaux visés au paragraphe (1.1) sont déterminés conformément aux règles suivantes :

1. Chaque paiement prévu correspond à un pourcentage constant du total des gains ouvrant à pension des participants au régime à la date d'évaluation estimés à la date du début de ces paiements et, après cette date, annuellement jusqu'au terme de la période d'amortissement.
2. Le total, visé à la disposition 1, des gains ouvrant droit à pension prévus est déterminé selon les mêmes hypothèses actuarielles que celles sur lesquelles est fondée l'évaluation à long terme, en tenant compte de toute baisse importante prévue de ce total.
3. La valeur actuelle des paiements prévus, à la date visée à l'alinéa (1.1) a), est égale au passif à long terme non capitalisé ou au déficit de solvabilité à acquitter.
4. Les périodes d'amortissement applicables aux séries de paiements prévus sont les mêmes que les périodes correspondantes visées aux alinéas (1) b) et e) et commencent au plus tard 12 mois après la date d'évaluation.
5. La valeur actuelle des paiements prévus est déterminée :
 - i. d'une part, relativement au passif à long terme non capitalisé, en utilisant le ou les taux d'intérêt utilisés dans le rapport pour le calcul du passif à long terme non capitalisé,
 - ii. d'autre part, relativement au déficit de solvabilité, en utilisant les taux d'intérêt utilisés dans le rapport pour le calcul du déficit de solvabilité.

(2) L'article 5 du Règlement est modifié par adjonction du paragraphe suivant :

(16.2) Malgré les paragraphes (13), (14), (15), (16) et (16.1), si un régime offre des prestations déterminées et qu'une méthode de répartition des prestations n'est pas utilisée pour fixer les taux de cotisation, le solde créditeur de l'exercice antérieur à utiliser dans un rapport déposé ou présenté à son égard est de zéro.

2. The March 1985 Flood Event Standard means the flood levels observed, surveyed and mapped along portions of prescribed watercourses that exceeded the 100 year Flood Event Standard.

3. The 100 year flood level means the peak instantaneous still water level plus an allowance for wave uprush and other water-related hazards for Lake St. Clair, Lake Erie and the Detroit River in the Great Lakes-St. Lawrence River System that has a probability of occurrence of one per cent during any given year.

 - (i) where the river or stream valley is apparent and has stable slopes, the valley extends from the stable top of bank, plus 15 metres, to a similar point on the opposite side;
 - (ii) where the river or stream valley is apparent and has unstable slopes, the valley extends from the predicted long term stable slope projected from the existing stable slope or, if the toe of the slope is unstable, from the predicted location of the toe of the slope as a result of stream erosion over a projected 100-year period, plus 15 metres, to a similar point on the opposite side;
 - (iii) where the river or stream valley is not apparent, the valley extends the greater of,
 - (A) the distance from a point outside the edge of the maximum extent of the flood plain under the applicable flood event standard, plus 15 metres, to a similar point on the opposite side, and

- (i) where the river or stream valley is apparent and has stable slopes, the valley extends from the stable top of bank, plus 15 metres, to a similar point on the opposite side;
 - (ii) where the river or stream valley is apparent and has unstable slopes, the valley extends from the predicted long term stable slope, projected from the existing stable slope or, if the toe of the slope is unstable, from the predicted location of the toe of the slope as a result of stream erosion over a projected 100-year period, plus 15 meters, to a similar point on the opposite side;
 - (iii) where the river or stream valley is not apparent, the valley extends the greater of:
 - (A) the distance from a point outside the edge of the maximum extent of the flood plain under the applicable flood event standard, plus 15 metres, to a similar point on the opposite side, or
 - (B) the distance from the predicted meander belt of a watercourse, expanded as required to convey the flood flows under the applicable flood event standard, plus 15 metres, to a similar point on the opposite side;
- (b) hazardous lands;
- (c) wetlands; or
- (d) other areas where development could interfere with the hydrologic function of a wetland, including areas within 120 metres of all provincially significant wetlands and 30 metres of all other wetlands, but not including those where development has been approved pursuant to an application made under the *Planning Act* or other public planning or regulatory process.

(2) The areas described in subsection (1) are the areas referred to in section 12, except that in case of conflict, the description of the areas provided in subsection (1) prevails over the descriptions referred to in section 12.

(a) adjacent or close to the shoreline of the Great Lakes-St. Lawrence River System or to inland lakes that may be affected by flooding, erosion or dynamic beaches, including the area from the furthest offshore extent of the Authority's boundary to the furthest landward extent of the aggregate of the following distances:

- (i) the 100 year flood level, plus the appropriate allowance in metres for wave uprush and, if necessary, an appropriate allowance in metres for other water related hazards, including ice piling and ice jamming;
- (ii) the predicted long term stable slope projected from the existing stable toe of the slope or from the predicted location of the toe of the slope as that location may have shifted as a result of shoreline erosion over a 100-year period;
- (iii) where a dynamic beach is associated with the waterfront lands, a 30 metre allowance inland to accommodate dynamic beach movement;
- (iv) 15 metres inland;

(b) river or stream valleys that have depressional features associated with a river or stream, whether or not they contain a watercourse, the limits of which are determined in accordance with the following rules:

- (i) where the river or stream valley is apparent and has stable slopes, the valley extends from the stable top of bank, plus 15 metres, to a similar point on the opposite side;
- (ii) where the river or stream valley is apparent and has unstable slopes, the valley extends from the predicted long term stable slope projected from the existing stable slope or, if the toe of the slope is unstable, from the predicted location of the toe of the slope as a result of stream erosion over a projected 100-year period, plus 15 metres, to a similar point on the opposite side;

(c) hazardous lands;

(d) wetlands; or

(e) other areas where development could interfere with the hydrologic function of a wetland, including areas within 120 metres of all provincially significant wetlands and wetlands greater than 2 hectares in size, and areas within 30 metres of wetlands less than 2 hectares in size, but not including those where development has been approved pursuant to an application made under the *Planning Act* or other public planning or regulatory process.

2. (1) Subject to section 3, no person shall undertake development or permit another person to undertake development in or on the areas within the jurisdiction of the Authority that are,

- (a) adjacent or close to the shoreline of the Great Lakes-St. Lawrence River System or to inland lakes that may be affected by flooding, erosion or dynamic beaches, including the area from the furthest offshore extent of the Authority's boundary to the furthest landward extent of the aggregate of the following distances:
 - (i) the 100 Year flood level, plus the appropriate allowance for wave uprush, which information is available at or through the Authority at its head office located at 130 Conservation Road, Thunder Bay, Ontario, P7B 6T8;
 - (ii) the predicted long term stable slope projected from the existing stable toe of the slope or from the predicted location of the toe of the slope as that location may have shifted as a result of shoreline erosion over a 100-year period;
 - (iii) where a dynamic beach is associated with the waterfront lands, 30 metre allowance inland to accommodate dynamic beach movement, which information is available at or through the Authority at the address given in subclause (i), and
 - (iv) 15 metres inland;
 - (b) river or stream valleys that have depressional features associated with a river or stream, whether or not they contain a watercourse, the limits of which are determined in accordance with the following rules:
 - (i) where the river or stream valley is apparent and has stable slopes, the valley extends from the stable top of bank, plus 15 metres, to a similar point on the opposite side;
 - (ii) where the river or stream valley is apparent and has unstable slopes, the valley extends from the predicted long term stable slope projected from the existing stable slope or, if the toe of the slope is unstable from the predicted location of the toe of the slope as a result of stream erosion over a projected 100-year period, plus 15 metres, to a similar point on the opposite side;
 - (iii) where the river or stream valley is not apparent, the valley extends the greater of,
 - (A) the distance from a point outside the edge of the maximum extent of the flood plain under the applicable flood event standard, plus 15 metres, to a similar point on the opposite side, and

2.1 (1) Malgré le paragraphe 6 (4) de la Loi, une personne peut obtenir un permis de vente d'alcool pour vendre de l'alcool d'un fabricant dans un local situé sur un des lieux de fabrication de celui-ci.

(2) Il ne doit être délivré qu'un seul permis aux termes du présent article pour tous les lieux de fabrication d'un fabricant donné.

(2.1) Le fabricant qui produit plus de 10 millions de litres de vin au cours de l'exercice précédent l'année au cours de laquelle il présente une demande de permis en vertu du présent article peut, malgré le paragraphe (2), obtenir un deuxième permis en vertu de ce même article à l'égard d'un local situé sur un deuxième lieu de fabrication du fabricant.

(3) La définition qui suit s'applique au présent article.

«lieu de fabrication» Bien dont se sert un fabricant principalement en vue de la distillation et la production de spiritueux, de la fermentation et la production de la bière ou de la fermentation alcoolique et la production de vin de l'Ontario. (2) En l'absence de preuve contraire, le conseil de la Commission des alcools et des jeux de l'Ontario considère une déclaration écrite d'un fonctionnaire autorisé du ministère des Finances, portant que l'auteur d'une demande de permis ou de cession de permis ou le titulaire d'un permis a omis de payer une taxe aux termes de la *Loi sur la taxe de vente au détail*, comme preuve qu'il n'est pas raisonnable de s'attendre que la personne pratique une saine gestion financière dans l'exercice de son commerce pour l'application de l'alinéa 6 (2) (a) de la Loi.

1. Section 1 of Ontario Regulation 99/02 is amended by adding the following subsection:

(4) In this Regulation,

2. Sections 2 to 9, the heading before section 10 and sections 10 and 11 of the Regulation are revoked and the following substituted:

PART II

TEACHERS OTHER THAN NEW TEACHERS

Application

2. This Part applies with respect to teachers, other than new teachers, and in this Part every reference to a “teacher” means a teacher other than a new teacher.

Parental and pupil input

3. (1) With respect to teachers, every board shall develop an annual written parent survey and pupil survey in consultation with the school councils and principals for the schools governed by the board, the special education advisory committee and those parents, pupils and teachers who are interested.

(2) A parent survey must ask for parental input on each teacher of each child of the parent and the parent’s level of satisfaction with communication between the parent and the teacher about the child’s learning and progress.

(3) A pupil survey must ask for input from each pupil who is in a grade 11 or 12 or OAC course in a school governed by the board, relating to,

(a) communication between the pupil and each of the pupil’s teachers of a grade 11 or 12 or OAC course; and

(b) whether each of the teachers effectively promotes pupil learning.

(4) The responses given in a parent survey and a pupil survey,

(a) must not be used for any purpose other than a performance appraisal of a teacher referred to in the responses; and

(b) must not be disclosed to any person other than the principal, the appropriate supervisory officer and the appropriate board, except as permitted under this Regulation.

(5) The principal shall, on the request of a parent or pupil, remove all words and names that would identify the parent or pupil from a document that contains input from the parent or pupil, including a parent survey and a pupil survey, before the document or a copy of the document is provided to a teacher.

(6) The principal shall not disclose to a teacher any parental input or pupil input that relates to another teacher.

Evaluation cycle

4. (1) The evaluation cycle for teachers shall be three consecutive years.

(2) Every board shall schedule evaluation years for teachers in a manner that provides for each teacher to have one evaluation year in each evaluation cycle during which the teacher is employed by the board.

(3) The first year in which a teacher is employed by a board shall be an evaluation year.

(4) Within 20 school days after a teacher commences teaching in a year that is scheduled as an evaluation year for the teacher, the appropriate principal shall notify the teacher that the year is an evaluation year.

(5) The board shall ensure that each teacher receives at least two performance appraisals during each of his or her evaluation years.

(6) Once a teacher employed by a board has an evaluation year, each subsequent evaluation year of the teacher, as long as the teacher continues in the employ of that board, must be preceded by two years that are not evaluation years for the teacher.

Principal's role

5. (1) The performance appraisals under this Part shall be conducted by the principal assigned to the school to which the teacher is assigned in the evaluation year scheduled for the teacher.

(2) The principal may conduct performance appraisals of a teacher under this Part at such intervals as the principal considers appropriate, subject to any requirements in Part X.2 of the Act or any regulation, guideline, rule or policy under that Part.

(3) The principal shall give the teacher written notice of the rating determined for each performance appraisal conducted under this section.

Additional performance appraisals

6. (1) A principal of a school may conduct performance appraisals of a teacher assigned to the school that are additional to those required by section 4, if the principal considers it advisable to do so in light of circumstances relating to the teacher's performance.

(2) Subject to subsection (3), and except during a teacher's evaluation year, a teacher may request performance appraisals that are additional to those required by section 4 and the principal assigned to the school to which the teacher is assigned shall conduct them.

(3) The principal may refuse to conduct a performance appraisal requested under subsection (2) where he or she is of the opinion that it is unlikely that the performance appraisal will lead to improvement in the teacher's performance.

(2) Le sondage des parents sollicite les observations du père ou de la mère à propos de chaque enseignant de chacun de ses enfants ainsi que son niveau de satisfaction à l'égard de la communication entre lui et l'enseignant au sujet de l'apprentissage et du cheminement de l'enfant.

(3) Le sondage des élèves sollicite les observations de chaque élève qui suit un cours de onzième ou douzième année ou un cours préuniversitaire de l'Ontario dans une école qui relève du conseil, sur les points suivants :

(2) La garantie déposée aux termes de l'article 6 reste en dépôt auprès du directeur pour une période d'un an :

(2) Lorsqu'il reçoit une réclamation visée au paragraphe (1) d'un consignateur, le directeur en avise l'exploitant par écrit.

(3) L'exploitant qui conteste la réclamation du consignateur avise le directeur par écrit dans les 10 jours de la mise à la poste ou de la remise de l'avis mentionné au paragraphe (2).

(4) Lorsqu'il reçoit un avis aux termes du paragraphe (3), le directeur tient une audience, après en avoir avisé l'exploitant et le consignateur, pour décider de la validité de la réclamation.

(5) Si l'exploitant omet de comparaître à l'audience visée au paragraphe (4), le directeur peut décider de la validité de la réclamation en son absence.

(6) Le directeur peut réaliser la garantie de l'exploitant et, sur le produit obtenu, il doit payer la réclamation du consignateur lorsque, selon le cas :

- b) l'exploitant omet de contester la réclamation du consignateur dans le délai et de la manière prévus au paragraphe (3).

(7) Si plusieurs consignateurs déposent une réclamation en conformité avec le paragraphe (1) et que le produit obtenu par la réalisation de la garantie est insuffisant pour satisfaire les réclamations fondées des consignateurs, le directeur répartit le produit de façon proportionnelle entre les consignateurs qui ont droit à un paiement conformément au présent règlement.

(8) Si le permis d'un exploitant est suspendu ou révoqué à la date à laquelle le directeur réalise la garantie déposée par l'exploitant, ou avant cette date, le directeur peut différer le paiement aux consignateurs prévu au paragraphe (6) ou (7) jusqu'à l'expiration d'une période de 90 jours suivant la date de la suspension ou de la révocation et l'auteur d'une réclamation déposée conformément au paragraphe (1) et à l'égard de laquelle le directeur reçoit un avis durant cette période est admissible au paiement sur le produit obtenu par la réalisation de la garantie.

l'exploitant dépose auprès du directeur la garantie supplémentaire nécessaire pour se conformer à l'article 6, après quoi le directeur lui remet le produit de la vente des valeurs mobilières restant après le paiement des réclamations des consignateurs aux termes du paragraphe (6) ou (7).

9. Le directeur peut, à l'égard d'une réclamation, refuser de réaliser la garantie ou d'effectuer un paiement :

- a) si le consignateur a reçu de l'exploitant un chèque ayant ensuite fait l'objet d'un refus d'acceptation ou de paiement, sauf s'il a présenté le chèque pour paiement dans les 30 jours de la date à laquelle il l'a reçu;
- b) si le consignateur omet de déposer la réclamation auprès du directeur dans le délai imparti au paragraphe 8 (1);

(1) L'inspecteur qui n'est pas vétérinaire peut, s'il lui semble que du bétail rassemblé pour être vendu est malade ou blessé ou présente des signes de quelque autre anomalie, ordonner que le bétail soit détenu dans les locaux où la vente est prévue jusqu'à ce qu'un inspecteur qui est vétérinaire l'examine.

(2) Si l'inspecteur ordonne que du bétail soit détenu comme le prévoit le paragraphe (1), l'exploitant :

- a) d'une part, loge ce bétail en un lieu sûr et séparément du reste du bétail mis en vente;
- b) d'autre part, garde le bétail ainsi logé séparément jusqu'à ce qu'il soit examiné par un inspecteur qui est vétérinaire.

(3) Lorsque l'inspecteur ordonne que du bétail soit détenu à des fins d'examen comme le prévoit le paragraphe (1), il prend des mesures pour qu'un inspecteur qui est vétérinaire se présente le plus tôt possible dans les locaux pour l'examiner.

(4) S'il lui semble que du bétail rassemblé pour être vendu est malade ou blessé ou présente des signes de quelque autre anomalie, l'inspecteur qui n'est pas vétérinaire peut, avec le consentement du vendeur, marquer le bétail comme étant destiné à la vente pour abattage seulement et le bétail peut être vendu sans qu'il soit inspecté par un vétérinaire.

12. (1) Lorsque l'inspecteur qui est vétérinaire examine du bétail rassemblé pour une vente à l'encan et qu'il constate que le bétail est malade ou blessé ou présente des signes de quelque autre anomalie, il peut marquer le bétail de la manière approuvée à cette fin par le directeur et enjoindre à l'exploitant de prendre, relativement au bétail, toute mesure que l'inspecteur estime nécessaire eu égard aux circonstances, notamment :

- a) remettre le bétail au consignateur;
- b) permettre, à l'occasion d'une vente à l'encaissement au cours de laquelle le bétail est marqué, la mise en vente de celui-ci à la personne visée au paragraphe (1.1) pour que le bétail soit abattu, dans le délai précisé par le vétérinaire dans le certificat d'inspection et dans :

 - (ii) soit un établissement exploité en vertu de la *Loi sur l'inspection des viandes* (Canada),
 - (iii) soit une usine exploitée sous le régime des lois d'un ressort situé aux États-Unis d'Amérique ou au Canada, mais ailleurs qu'en Ontario;
- c) permettre la mise en vente du bétail à l'occasion d'une vente à l'encaissement au cours de laquelle le bétail est marqué ou à l'occasion d'une vente à l'encaissement ultérieure, à la condition que l'exploitant ou l'encanteur annonce aux acheteurs éventuels, au moment de la mise en vente :

(1.1) La personne visée à l'alinéa (1) b) est une personne qui :

- a) d'une part, est titulaire d'un permis de marchand de bétail délivré en application de la *Loi sur le bétail et les produits du bétail*;

(2) L'inspecteur qui marque du bétail comme le prévoit le paragraphe (1) en fournit les motifs par écrit au consignateur du bétail et à l'exploitant.

(3) Si un inspecteur qui est vétérinaire examine du bétail et constate que ce dernier est incapable de se tenir debout sans assistance ou de se déplacer sans être traîné ou porté, il doit, selon le cas :

- a) émettre un certificat de transport direct pour abattage;
- b) livrer le bétail à l'exploitant, qui s'arrange pour qu'il reçoive les soins immédiats d'un vétérinaire.

13. Malgré toute autre disposition du présent règlement, s'il soupçonne que du bétail est atteint d'une «maladie déclarable» au sens du paragraphe 2 (1) de la *Loi sur la santé des animaux* (Canada), l'inspecteur qui est vétérinaire :

- a) d'une part, enjoint à l'exploitant de maintenir le bétail isolé;
- b) d'autre part, avise immédiatement un inspecteur-vétérinaire nommé en vertu de la *Loi sur la santé des animaux* (Canada).

14. Lorsque du bétail marqué par un inspecteur est vendu à l'occasion d'une vente à l'encaissement, l'exploitant remet à l'acheteur, au moment de la vente, une copie des motifs donnés par l'inspecteur pour marquer le bétail.

15.

CONDITIONS DU RASSEMBLEMENT

16. Lorsque du bétail est rassemblé dans les locaux d'un exploitant, nul ne doit, selon le cas :

- b) déplacer des animaux malades ou blessés de manière, selon le cas :
 - (i) à les traîner sur le sol,
 - (ii) à les tirer par la tête, les cornes, le cou, les pieds ou la queue.

CONDITIONS DE MISE EN VENTE

17. (1) Sauf disposition contraire, l'exploitant ne doit pas mettre en vente à l'occasion d'une vente à l'encaissement du bétail atteint de maladie.

(2) Lorsque du bétail est mis en vente au poids :

- a) il est, immédiatement avant la mise en vente, pesé sur les balances installées conformément à l'alinéa 12 f) de la Loi;
- b) le poids est indiqué, notamment par annonce, aux enchérisseurs éventuels présents sur les lieux au moment de la mise en vente;
- c) une transaction est conclue selon le poids annoncé conformément à l'alinéa b).

DÉTENTION D'ANIMAUX NON AMBULATOIRES TROUVÉS DANS DES VÉHICULES

17.1 (1) Un inspecteur détient tout animal qui, étant incapable de se tenir debout sans assistance ou de se déplacer sans être trainé ou porté, est trouvé dans un véhicule situé dans les locaux d'un exploitant.

(2) Nul ne doit déplacer un véhicule si un animal y a été détenu en application du paragraphe (1), sauf si un vétérinaire, selon le cas :

- a) émet un certificat de transport direct pour abattage;
- b) livre le bétail au conducteur du véhicule, qui s'arrange pour qu'il reçoive les soins immédiats d'un vétérinaire.

FONCTIONS DE L'EXPLOITANT

Restrictions : paiements par prélèvement sur le Fonds

- b) dans le cas d'une réclamation faite par un producteur pour du blé vendu à un prix de base ou à un prix différent fixé par contrat, 95 pour cent du prix du marché payable à la date à laquelle le contrat est liquidé ou considéré comme liquidé, moins le plus élevé des éléments suivants :
 - (i) 75 pour cent du prix du marché du blé à la date à laquelle l'acompte a été versé,
 - (ii) 75 pour cent du prix du marché du blé à la date à laquelle le contrat est liquidé ou considéré comme liquidé;

- d) dans les cas qui ne sont pas visés par l'alinéa a), b) ou c), 95 pour cent du montant de la réclamation.

(2) Si l'auteur de la demande est soit un producteur qui détient un permis de marchand et qui a acheté du blé avant la date à laquelle la réclamation a pris naissance, soit un propriétaire qui détient un permis d'exploitant et qui a entreposé du blé pour d'autres propriétaires avant la date à laquelle la réclamation a pris naissance, la quantité de blé à l'égard de laquelle la Commission peut payer sa réclamation par prélèvement sur le Fonds ne doit pas dépasser le pourcentage, calculé en vertu du paragraphe (3), de la quantité de blé à l'égard de laquelle la réclamation est faite.

(3) Le pourcentage visé au paragraphe (2) est calculé en divisant la quantité de blé produite par l'auteur de la demande par la quantité combinée de blé qu'il a produite, qu'il a achetée en sa qualité de marchand ou qu'il a entreposée en sa qualité d'exploitant.

(4) Outre la somme que la Commission paie à l'auteur de la demande par prélèvement sur le Fonds en vertu du paragraphe (1) relativement à une réclamation visant du blé, la Commission peut lui payer de la même façon celle qu'il n'était pas en mesure de payer à une association de producteurs au sens de la *Loi sur le paiement anticipé des récoltes* (Canada) pour le blé en raison, selon le cas :

- a) du défaut de paiement d'un marchand en sa faveur, dans le cas d'une réclamation faite par un producteur aux termes du paragraphe 3 (1) de la Loi;
- b) du défaut d'un exploitant de livrer le blé au propriétaire, dans le cas d'une réclamation faite par un propriétaire aux termes du paragraphe 3 (2) de la Loi.

Avis de décision

13. (1) Si la Commission décide qu'une demande de paiement par prélèvement sur le Fonds est valable, elle la paie et en avise le marchand ou l'exploitant concerné ainsi que l'inspecteur en chef.

- a) d'une part, en avise l'auteur de la demande ainsi que le marchand ou l'exploitant concerné, par courrier recommandé, par messager ou par télecopie;
- b) d'autre part, en avise l'inspecteur en chef.

(2) Pour l'application du paragraphe (1), tout défaut de paiement à l'association de producteurs au sens de la *Loi sur le paiement anticipé des récoltes* (Canada) par l'auteur de la demande, lequel résulte d'un défaut de paiement par un marchand ou de l'omission d'un exploitant de livrer le canola, entre dans le calcul du montant réclamé par l'auteur de la demande.

(3) La quantité de canola à l'égard de laquelle une réclamation peut être payée par prélèvement sur le Fonds ne doit pas dépasser le pourcentage, calculé en vertu du paragraphe (4), de la quantité de canola à l'égard de laquelle la réclamation est faite, lorsque l'auteur de la demande est un producteur ou un propriétaire qui, selon le cas :

2. Tout ou partie de l'actif du marchand est confié à un séquestre ou à un syndic pour être distribué en vertu de la *Loi sur la faillite et l'insolvabilité* (Canada) ou de la *Loi sur la vente en bloc*.

3. Le marchand cesse d'exercer ses activités.

(2) La demande est présentée à la Commission selon la formule qu'elle juge appropriée et si une réclamation vise plus d'un marchand, une demande distincte est présentée relativement à chacun d'eux.

12. (1) Si une demande de paiement par prélèvement sur le Fonds est présentée à l'égard d'une vente de bétail à un producteur, l'auteur de la demande avise promptement le directeur si le producteur n'effectue pas le paiement et la demande est présentée à la Commission au plus tard 30 jours après la date de la vente.

(2) La demande est présentée à la Commission selon la formule qu'elle juge appropriée et si une réclamation vise plus d'un producteur, une demande distincte est présentée relativement à chacun d'eux.

13. Compte tenu des circonstances d'un cas particulier, la Commission peut effectuer un paiement par prélèvement sur le Fonds si la demande de paiement est conforme, pour l'essentiel, au paragraphe 11 (1) ou 12 (1), selon le cas.

14. Sur réception d'une demande présentée aux termes de l'article 11 ou 12, la Commission avise le marchand ou le producteur, par courrier recommandé ou par messager, de la réclamation ainsi que le directeur.

15. Si la Commission décide que tout ou partie d'une réclamation n'est pas valable, elle refuse de la payer et en avise l'auteur de la demande ainsi que le marchand ou le producteur concerné, par courrier recommandé ou par messager, et elle avise aussi le directeur.

16. Si la Commission décide qu'une réclamation est valable, elle paie l'auteur de la demande et avise le marchand ou le producteur concerné ainsi que le directeur.

17. (1) Le marchand ou le producteur à l'égard duquel la Commission effectue un paiement rembourse le montant versé ou commence à le rembourser par versements échelonnés conformément à un engagement approuvé par la Commission.

(2) La Commission avise le directeur si le marchand ou le producteur ne rembourse pas le montant versé ou s'il n'effectue pas, à la date d'échéance, un des versements prévus.

18. (1) La Commission peut refuser de payer une réclamation visant un marchand dans les cas suivants :

1. La réclamation de l'auteur de la demande vise un marchand qui n'est pas un marchand titulaire d'un permis délivré en vertu de la *Loi sur le bétail et les produits du bétail*.
2. L'auteur de la demande présente un chèque à l'encaissement plus de cinq jours ouvrables après l'avoir reçu du marchand et le chèque fait l'objet d'un refus par défaut d'acceptation ou de paiement.
3. L'auteur de la demande ne présente pas sa demande dans le délai prescrit à l'article 11.
4. L'auteur de la demande conclut avec le marchand une entente qui reporte la date d'exigibilité du paiement.
5. L'auteur de la demande n'avise pas promptement le directeur du défaut de paiement.
6. Il serait inéquitable, dans les circonstances, de payer la réclamation en raison des liens qui existent entre l'auteur de la demande et le marchand et du fait que le comportement de l'auteur de la demande ou, lorsque celui-ci est une personne morale, celui d'un de ses dirigeants ou administrateurs ou le comportement d'une personne ayant le pouvoir d'en diriger la gestion, a causé le défaut de paiement.

(2) Lorsqu'elle exerce la discrétion que lui confère la disposition 1 du paragraphe (1), la Commission tient compte de la question de savoir si l'auteur de la demande savait ou non que le marchand, au moment de la vente, n'était pas titulaire d'un permis en raison de l'expiration, de la suspension, de l'annulation ou du refus de renouvellement de son permis.

19. La Commission peut refuser de payer une réclamation visant un producteur dans les cas suivants :

1. Sous réserve de la disposition 2, l'auteur de la demande soit ne reçoit aucun chèque à titre de paiement soit en reçoit un, mais ne le présente pas à l'encaissement avant 14 heures le deuxième jour ouvrable suivant la date de la vente et le chèque fait l'objet d'un refus par défaut d'acceptation ou de paiement.
2. Dans le cas d'une vente à une coopérative financière de bovins d'engraissement, l'auteur de la demande ne reçoit pas, à la date de la vente, une commande d'achat du membre de la coopérative pour le compte de laquelle l'achat est effectué et soit ne reçoit aucun chèque à titre de paiement soit en reçoit un, mais ne le présente pas à l'encaissement avant 14 heures le 10^e jour ouvrable suivant la date de la vente et le chèque fait l'objet d'un refus par défaut d'acceptation ou de paiement.
3. L'auteur de la demande ne présente pas sa demande dans le délai prescrit à l'article 12.
4. L'auteur de la demande n'avise pas promptement le directeur du défaut de paiement.
5. L'auteur de la demande est un producteur désigné comme tel en vertu de la disposition 2, 3 ou 4 du paragraphe 6 (1) et il ne convient pas par écrit de rembourser à la Commission le plein montant de toute somme qu'il peut recevoir de l'acheteur contre lequel il a fait la réclamation, jusqu'à concurrence du montant qui lui a été versé par prélèvement sur le Fonds.
6. Il serait inéquitable, dans les circonstances, de payer la réclamation en raison des liens qui existent entre le producteur et l'auteur de la demande et du fait que le comportement de ce dernier ou, lorsque celui-ci est une personne morale, celui d'un de ses dirigeants ou administrateurs ou le comportement d'une personne ayant le pouvoir d'en diriger la gestion, a causé le défaut de paiement.

20. Dans le cas d'une réclamation visant un marchand, la Commission paie par prélèvement sur le Fonds 90 pour cent du montant de la réclamation qu'elle reconnaît comme étant valable.

21. (1) Les règles suivantes régissent le paiement par prélèvement sur le Fonds de toute réclamation visant un producteur qui n'est pas une coopérative financière de bovins d'engraissement :

1. Aucun paiement ne doit être effectué si le montant de la réclamation que la Commission reconnaît comme étant valable s'élève à 5 000 \$ ou moins.
2. Le montant que la Commission doit verser correspond à 70 pour cent du montant de la réclamation qu'elle reconnaît comme étant valable ou à 75 000 \$, si ce dernier montant est inférieur.
3. Une fois que l'auteur de la demande a reçu un paiement à l'égard d'un producteur, il n'a droit à aucun autre paiement à l'égard de celui-ci tant que le producteur ne rembourse pas au Fonds le plein montant de la réclamation qui a été versé.

(2) Les règles suivantes régissent le paiement par prélèvement sur le Fonds de toute réclamation visant une coopérative financière de bovins d'engraissement :

1. Aucun paiement ne doit être effectué si le montant de la réclamation que la Commission reconnaît comme étant valable s'élève à 5 000 \$ ou moins.
2. Le montant que la Commission doit verser correspond à 70 pour cent du montant de la réclamation qu'elle reconnaît comme étant valable ou à 75 000 \$, si ce dernier montant est inférieur.
3. Une fois que l'auteur de la demande a reçu un paiement à l'égard d'une coopérative financière de bovins d'engraissement au nom d'un membre particulier, il n'a droit à aucun autre paiement à l'égard du membre de la coopérative tant que l'un ou l'autre ne rembourse pas au Fonds le plein montant de la réclamation qui a été versé.

(3) La disposition 3 du paragraphe (2) n'a pas pour effet d'empêcher l'auteur de la demande de recevoir un paiement par prélevement sur le Fonds à l'égard d'un autre membre de la coopérative financière de bovins d'engraissement.

(4) La définition qui suit s'applique au présent article.

«réclamation» S'entend de ce qui suit :
